CAREER OBJECTIVE

Front-End Developer with a strong passion for creating innovative and user-centric Websites. Leveraging a diverse skill set, including Front-End development and UI/UX design, to contribute to cutting-edge projects and deliver exceptional user experiences.

PROJECTS

Restuarant Website

(JavaScript, Html, Css, React)

- Developed the frontend for a restaurant website using React, providing a modern and user-friendly online presence for the restaurant.
- Utilized React, JavaScript, HTML, CSS, and various libraries and frameworks for UI development.
- Ensured the website was responsive, offering a seamless experience across desktop, tablet, and mobile devices.
- Designed and implemented reusable React components to enhance code maintainability and efficiency.

ChatterBox Website

(JavaScript, Html, Css, React, Firebase)

- Created a Chatter Box website, a real-time chat application, using React for the frontend.
- Implemented user authentication and authorization using Firebase Authentication, providing secure user access to the application.
- Implemented user account management features, including registration, login, and password reset functionalities.

SKILLS
