MY PROJECTS

Portfolio

🔗 <https://portfolio-bootstrap-satya-adabalas-projects.vercel.app/>

📋 Created a dynamic and responsive portfolio website using HTML, CSS, JavaScript, and Bootstrap, featuring modern design principles, interactive elements, and seamless cross-browser compatibility.

Little Lemon

🔗 <https://little-lemon-self.vercel.app/>

📋 Designed and developed a responsive restaurant website frontend using React, ensuring a modern and seamless user experience. Employed reusable React components for efficient code maintenance and utilized various libraries and frameworks for UI development.

Chatter Box

🔗 <https://chatter-box-site-with-react.vercel.app/login>

📋 Created a Chatter Box website, a real-time chat application, using React for the frontend. Integrated Firebase Authentication for secure user access. Implemented user account management features such as registration, login, and password reset.
