SUMMARY

Full-Stack Web Developer with expertise in HTML, CSS, JavaScript, ReactJS,NextJS, ViteJS, Node.js, Express, and MongoDB. Passionate about crafting responsive, dynamic, and user-friendly web applications from front-end design to back-end functionality. Dedicated to delivering seamless and innovative user experiences through modern web technologies.

PROJECTS

Resort Booking Site [Link]

- Developed a full-stack resort booking platform using Next.js, Node.js, Express, and MongoDB.
- Implemented user authentication, account creation, and a dynamic dashboard for adding rooms.
- Built a booking system with real-time updates and secure data handling.
- Designed responsive UI and deployed scalable backend APIs to enhance user experience.

Restaurant Site [Link]

- Developed a modern, user-friendly restaurant website frontend using React, ensuring a responsive design across desktop, tablet, and mobile devices.
- Leveraged React, JavaScript, HTML, CSS, and various libraries to create an intuitive and visually appealing UI.
- Designed and implemented reusable React components, enhancing code maintainability and development efficiency.

Swiggy Clone [Link]

- Developed a full-stack Swiggy clone website utilizing JavaScript, HTML, CSS, React, Node.js, Express, and MongoDB.
- Engineered a responsive and intuitive user interface with React, ensuring seamless experiences across all devices.
- Implemented robust backend services with Node.js and Express, featuring user authentication, restaurant listings, menu displays, ordering, and order tracking to replicate core functionalities of the Swiggy platform.

Portfolio Site [Link]

- Created a dynamic and responsive portfolio website using Html, Css, Javascript and BootStrap
- Designed with modern principles like clean layouts, bold typography, and high-quality imagery.
- Utilized CSS media queries for responsive layouts across various devices.

Dashboard [Link]

- Developed a dynamic sales order dashboard using React, enabling real-time data visualization and insights.
- Designed a responsive and user-friendly interface, ensuring seamless access across desktop, tablet, and mobile devices.
- Implemented reusable React components to streamline the development process and enhance code maintainability.

SKILLS

Programming Languages:	JavaScript, Python, C++, C
Front End Development:	HTML, CSS, ReactJS, NextJs, ViteJs, BootStrap, Material-UI, Chakra-UI, SASS
Back End Development:	NodeJS, Express, MongoDB, NextJS, Api, Firebase
Version Control:	Git, Github
Testing and Debugging:	Unit Testing (Jest)
UX/UI:	Figma
Developer Tools:	Visual Studio, Postman

EDUCATION

Bachelor of Technology (B.Tech) in Electronics and Communication Engineering
B.V.C Engineering College (CGPA: 6.3)   Odalarevu
Higher Secondary (Intermediate) Narayana Junior College (Percentage: 64)   Razole
High School Z.P.H School (CGPA: 9.5)   Kesanapalli

CERTIFICATIONS

Meta Front End Developer Professional Certificate   Coursera
